How to Use this Booklet

Route Maps and Bus Stops

- The service map shows the entire area served by AT buses and includes key landmarks.
- Each bus route has a map that displays the route path and all the bus stops served.
- Every bus stop has its own stop code, which is also displayed on its bus stop sign.
- Use the stop codes to check the status of a bus. Call or text **802-255-8803** and enter the code to receive information about the route and the arrival time of buses at that location.

Bus Schedules

- Schedules for each bus route are located on the pages following the route's map and bus stop list.
- Scheduled departure times are read from left to right.
- Departure times are provided only for major stops. If you're not at a major stop, note the departure time listed for the previous stop to plan your trip.
- Morning times are shown in regular font weight, while afternoon and evening times are in bold.
- Times preceded by a 'D' indicate "Drop on Request Only," meaning the bus will only stop if requested by a passenger.

Bus Transfers

- Let the driver know if you'll be transferring to another bus. They can assist and let you know when you're nearing your transfer.
- Transfers take place mostly at the Kilton Library in West Lebanon, City Hall in Lebanon, and Vail in Hanover. Bus arrivals are timed at these locations to make transfers between routes easy.

Bike Racks

- All buses are equipped with bike racks. For the safety of all passengers, bikes are not allowed inside the buses. If the bike rack is already full, please wait for the next bus.
- For a quick tutorial on how to use the bike rack, visit youtube.com/@advancetransit.
